

Jesus said,

“The Advocate,
the Holy Spirit,
whom the Father
will send
in my name,
will teach you
everything
and
remind you
of all that
I told you.”

John 14:26

FAITH COMMUNITY NURSING

Topic: Topic: Lupus Awareness Month

May is Lupus awareness month. Lupus is an autoimmune condition causing inflammation and pain in the body, often causing symptoms in the skin, joints and internal organs. Lupus affects primarily women ages 15-44 and is more likely to affect people who are African American, Asian American, Hispanic/Latino, Native American, or Pacific Islander. People with a family member who has lupus or other autoimmune conditions are also more likely to have lupus. If you have symptoms bothering you (especially fatigue, joint pain or abnormal facial rash) or symptoms that do not make sense, please see your doctor for diagnostic screening. Access the site below to learn more about symptoms, support and resources.

"Our blessed Lord was hopeful about humanity. He always saw men the way He originally designed them. He saw through the surface, grime, and dirt to the real man underneath. He never identified a person with sin. He saw sin as something alien and foreign which did not belong to man. Sin had mastered man but he could be freed from it to be his real self. Just as every mother sees her own image and likeness on her child's face, so God always saw the divine image and likeness beneath us."

Archbishop Fulton J. Sheen
