

Jesus led his disciples out as far as Bethany,
raised his hands, and blessed them.

As he
blessed them
he parted
from them
and was taken
up to heaven.

Luke 24:50–51

FAITH COMMUNITY NURSING

Topic: Topic: Lupus Awareness Month

May is Lupus awareness month. Lupus is an autoimmune condition causing inflammation and pain in the body, often causing symptoms in the skin, joints and internal organs. Lupus affects primarily women ages 15-44 and is more likely to affect people who are African American, Asian American, Hispanic/Latino, Native American, or Pacific Islander. People with a family member who has lupus or other autoimmune conditions are also more likely to have lupus. If you have symptoms bothering you (especially fatigue, joint pain or abnormal facial rash) or symptoms that do not make sense, please see your doctor for diagnostic screening. Access the site below to learn more about symptoms, support and resources.
